

Declaration of conformity with the REACH

08.07.2020

We hereby declare and guarantee that Tungsten alloy have been designed and manufactured in compliance with the EU REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals). REACH is a European Union Regulation issued on 18 December 2006 and addresses the production and use of chemical substances, and their potential impacts on both human health and the environment.

The present declaration is in accordance with article 33 of the Regulation, which can meet the customer request for product information. We herewith state that none of the products we deliver contains any of the substances of the Candidate list that Annex XIV states at a concentration > 0,1 % by weight (1.000 ppm).
